LinkedIn:leelaprasad baggu | GitHub:leela1029 | LeetCode:leela1029

TECHNICAL SKILLS

- **Languages:** Python, C, JavaScript, HTML/CSS, VLSI
- **Frameworks:** verilog, VHDL, MATLAB
- **Databases:** MATLAB
- **Tools:** Git, VS Code, Vercel, Modelisim
- **Concepts:** Data Structures

EXPERIANCE

Data Analysis Using Python Intern — APSSDC
Technologies: NumPy, Pandas, Matplotlib, Seaborn

- Analyzed historical Olympics data to identify medal trends, country-wise performance, and sport-wise comparisons.
- Utilized data visualization libraries to present findings in charts and graphs.

Very Large Scale Integration Intern — Skill Dzure
Technology: React Native

- To improve the traffic control system in real world.
- By using eda playground to developed.

PROJECTS

Olympics Data Analysis -current
Python, jupyter notebook

- Analyzed historical Olympics data to identify medal trends, country-wise performance, and sport-wise comparisons.
- Utilized data visualization libraries to present findings in charts and graphs.

Water Level Indicator

- It is by using 555 timer.
- Features: it is by the purpose of controlling water level and decrease flow of water.

EDUCATION

B.Tech in Electronics and Communication Engineering

GIET Engineering College
2023–2027

CGPA: 8.2/10.0

Relevant Coursework:

- Data Structures
- Digital Circuits
- VLSI
- Network Analysis

Intermediate (MPC)

Sri Chaitanya Junior College
2021–2023 | 93.3%

Secondary Education

Gayatri School
2020–2021 | 99.6%

CERTIFICATIONS

- Digital circuit (NPTEL)
- VLSI (Skill Dzure)
- python(aajhub)
- Data Science (APSSDC)

ACHIEVEMENTS

- Solved 30+ problems on LeetCode
- Earned 20-Day Streak badge

ADDITIONAL SKILLS

- Problem Solving
- Analytical Thinking
- Team Collaboration
- Continuous Learning
